

Leica Rugby 810 rotating laser

Technical Data Sheet

Technical Data	Leica Rugby 810
Functionality	Self-levelling horizontal, single manual slope (with slope adapter)
Range (diameter)	1.300 m
Self-levelling accuracy (defined at 25°C)	±1.5 mm at 30 m
Self-levelling range	± 6°
H.I. elevation alert	YES
Rotation speeds	10 rps
Laser diode type / class	635 nm / Class 2
Dimensions (HWD)	237 × 240 × 196 mm
Batteries (alkaline / rechargeable)	Four D-cells / Li-Ion pack (A800)
Weight with battery	3.0 kg
Battery life (alkaline / lithium-ion)	60 hours / 50 hours @ 20°C
Protection class (splash water/dust proof)	IP 68
Operating temperature range	-20°C to +50°C

Laser class 2 in accordance with IEC 60825-1
